## **Section 1 – Introduction**

This directory provides a list of Mass Advantage’s network providers. To get detailed information about your health care coverage and/or a complete description of your prescription coverage (if applicable), including how to fill your prescriptions, please see your Evidence of Coverage, Mass Advantage Pharmacy Directory and Mass Advantage Formulary.

### **About our Providers**

You will have to choose one of our network providers listed in this directory to be your **PPrimary CCare Provider (PCP)**. Generally, you must get your health care services from your PCP.

When you become a member of our plan, you must first choose a plan provider to be your PCP. Your PCP is your partner in health, providing or coordinating your care. Your PCP is a health care professional who meets state requirements and is trained to give you basic medical care. These include doctors specializing in family practice, general practice, internal medicine, and geriatrics. A nurse practitioner (NP), a State licensed registered nurse with special training, providing a basic level of health care, or a Physician Assistant (PA), credentialed as a PCP, providing services within a primary care setting can also act as your PCP.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory however, some services may require a referral. Referrals may be required to use providers in the plan’s network, such as specialists, hospitals, skilled nursing facilities, or home health care agencies. Other providers are available in our network.

### **Mass Advantage HMO:**

You must use network providers except in emergency or urgent care situations, or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor Mass Advantage will be responsible for the costs.

### **Mass Advantage PPO:**

Out-of-network providers are under no obligation to treat Mass Advantage enrollees, except in emergencies. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Member Service Department (phone number is on the back cover of this directory). You may also refer to your Evidence of Coverage (EOC) for more information, including the cost sharing that applies to out-of-network services.

With the exception of emergencies, it may cost more to get care from out-of-network providers.

In cases where out-of-network providers submit a bill directly to you, you should not pay the bill. Make a copy of the bill for your records and send the original to us for processing and determination of your responsibility for costs, if any. You may also refer to your Evidence of Coverage or call our Member Service Department (phone number is on the second page of this directory) for information on what to do.
